## An Art Gesture

### **Mumbai, January 27, 2010:**

Talent and passion intermingle across borders to take a sojourn at **Le Sutra**, the world's first Indian Art hotel. The inimitable **Baz Luhrmann** of *Moulin Rouge* and Australia fame and Australia's People's Choice Artist, **Vincent Fantauzzo** will fly the skies to paint on the walls of Le Sutra where everyone is invited to a LIVE display of public art *January 27, 2010, 3-7pm* at Union Park, Bandra.

Baz and Vincent's mural theme is a fusion of Contemporary and Indian dance; fluid, free with rhythmic motion, theatrical and arty, so evocative of their professional styles; in a confluence of east meets west. The evening continues at *Gallery Le Sutra, 8:30pm*, with a private party to celebrate the efforts of two of the world's most amazing Ambassadors of Art.

Baz and Vincent feel creatively inspired to stretch their canvas. So, astride their **Royal Enfield** motorcycles they will take the *Classic Trail* capturing through their lens interesting pictures of people, places and objects in the towns and villages of Rajasthan, *January 29-31*. Known for iconic motorcycle designs, Royal Enfield ventures into the realms of art, to host along with Le Sutra, *Classic Art* at The Lalit, Delhi, *February 1, 2010, 12.15 pm*.

The Baz-Vincent Classic Trail will culminate in a photographic exhibition-cum-sale of *Classic Art* at *Gallery Le Sutra, February 2, 2010, 8:30pm*, the proceeds of which will go to *DEEDS* a charity for the hearing impaired.

Sutra in Sanskrit is 'a thread or rope that holds things together' and here it weaves along with these *Ambassadors of Goodwill*, who have invested time, effort and heart; the universal language of art and humanity, in this gesture of art.
